Population Figures

Population figures for all entries must be taken from the electoral roll, so that there is uniformity amongst entries.

The electoral roll figure for your entry includes all wards within boundary of your village, town or city.

This information can be obtained from your county planning department, where a research officer (demographer) has responsibility for the various uses of population figures.

In addition, for entries with a population in excess of 2,500, a map showing the boundaries of all the urban ward(s) which comprise your entry, and the name(s) of the ward(s) which comprise your entry, should be included with your entry form.

Judging 2015

Judging will take place in the fortnight between Wednesday 8th July & Wednesday 22nd July. You will be contacted by your judges in early June to confirm your judging date.

Britain in Bloom

Since it started in 1963, Britain in Bloom has grown into the biggest horticultural campaign in Europe.

Communities across Britain combine horticultural skill, enthusiasm and fun to improve and regenerate our local environments through imaginative planting of trees, shrubs, flowers and landscaping, conservation and recycling projects, and to sweep away the eyesores that blight our streets such as litter, graffiti and vandalism.

Under the auspices of the Royal Horticultural Society, the Britain in Bloom campaign judging criteria has been revised for 2015 but is still focused around three core pillars:

**Horticultural Achievement
Environmental Responsibility
Community Participation**

The new judging criteria and forms will be sent to all entrants. The new criteria places more emphasis on the role of communities .

South West in Bloom is one of the eighteen regions/nations which make up Britain in Bloom.

We are hoping that the main SW in Bloom co-ordinators will assist judges in arranging the judging of the **It's your neighbourhood entries in their area' especially if they are not judged on the same day as the main entry.**
